Re: European Union of Yoga

Dear Gregorian Bivolaru Grieg

It is not controversy between International Yoga Federation and MISA about the World Yoga Championship who are always under organization of International Federation of Yoga Sports because they do in may 2008 and the next one are in september 2009.

The International Federation of Yoga Sports don't give to you the support for have any world championship and they have doing in last may 2009. So is not problem about it and your information is wrong.

Our information is: your school is full member of European Yoga Federation (see your link at <http://www.esotericyoga.se>) of your own yoga centre in Sweden or your school in Italy at www.amoyoga.it

The european yoga federation <http://www.europeanyogafederation.net> do the european congress in Romania in 2005 with MISA and now in 2008 you do again.

Your school have members in the executive boar of EYF please see <http://www.europeanyogafederation.net/board.htm> and your school is not member of European Yoga Alliance who is our membersin Europe. This is our information please cheak it.

Member of European Yoga Alliance can not be member of European Yoga Federation.

Also International Yoga Federation like European Yoga Alliance don't want any problem with Europea Yoga Union and Grupul national de studiu si practica YOGA of Romania because they are

The real situation is the official resolution of European Yoga Alliance about: Mihai Stoian, Grieg

Bilovaru and all people linked to the MISA/NATHA organization are immediately expelled from European Yoga Alliance, European Yoga Council, World Yoga Council and International Yoga Federation and that we stop their membership.

The president of EYC of European Alliance and Secretary of IYF for Europe inform:
You are only a vulgar sex businessman using the names of "Tantra Yoga" and our "International Yoga Federation" as an attractive cover for your controversial business activities.

This is the situation and is not any problem about yoga sport For this resolution EYA and IYF don't give any support or patronage to The Congress of the Planetary Millenary Wisdom of Yoga, before and now.

Also the conference don't have any blessing of Swami Dayananda (who support the yogi way of both European Yoga Union and European Yoga Alliance) or another members of IYF. And the organizers can not use the logos or name under the official resolution of European Yoga Alliance and the resolution of our Secretary for Europe.
Please read the letters of European Alliance and secretary of IYF:

Official Resolution of the Presidency of European Council of Yoga of European Yoga Alliance and Hon. Secretary of International Yoga Federation for European Union (Europe)

Dear Swamini Dayananda,

Thank you very much for your mail.

My official resolution as president of the European Yoga Council of the European Yoga Alliance is that Mihai Stoian, Grieg Bilovaru and all people linked to the

MISA/NATHA

organization are immediately expelled from our organization and that we stop their membership, because it has been proven that they are not busy with Yoga in whatever form, that they even use Yoga as a cover for illegal practices, that they do not respect the rules and standards of our organization, that they show an unheard lack of moral integrity, and cannot be convinced to change their attitude.

Sometimes hard decisions have to be made to preserve worse. Please accept my deep respect for your very difficult decision. I will never forget it. Convey also my gratefulness to Swami Maitreyananda and Dr Gopalji for their courage.

Yours friendly,
Shri Yogacharya Ajita

Hon. Secretary of IYF for European Union
Presidency of European Yoga Council of European Yoga Alliance

To Mr. Mihai Stoian,

You were very gentle last year in Kopenhagen and I was

very naive.

I needed a long time to realize who you are and what your organization MISA is.

First I thought you were some special man practising an obscure form of Tantra Yoga. I proposed you my help because I know the danger of that approach.

In your respons you now admitted to be directly involved in "non-exposed" sex business.

As sex business is profit oriented, you have all reasons to stimulate desire in your customers and to be attached to money. At the other hand you pretend to be a Tantra Yoga teacher. But a real Tantra Yoga teacher does only use desire, controlling it better and better by means of detachment, as to reach enlightenment by transformation of the energy of desire. Assuming that you are a Tantra Yoga teacher, who can believe that you will detach yourself from your profit goal in sex business when you teach? Nobody.

So, I made a mistake considering you as a practitioner of the dangerous left hand Tantra Yoga style. You are not a Tantra Yoga practitioner at all. You are only a vulgar sex businessman using the names of "Tantra Yoga" and our "International Yoga Federation" as an attractive cover for your controversial business activities. You systematically try to mislead people, using an uncontrollable "methodology" consisting of a mish mash of techniques and so called revelations, which are not in accordance with the standards of the International Yoga Federation.

I will advise to cancel the congress of June in Bucharest. And my conclusion is that you and your organization MISA cannot be accepted by any Yoga association.

I do not feel the need to say more, except that I thank you for the opportunity of making more light in myself.

Namaste, Shri Yogacharya Ajita

Gardianul publishes information which they know as false, in order to push up some events!

by Maria Nicola

On April 17 the newspaper Gardianul has published on the "Disclosure" column a whopping lie about MISA. The column under the headline "President of the European YOGA Council Decided Exclusion of MISA from the International Federation" is signed by the extremely active anti-MISA journalist Emil Berdeli. If you have not read it yet, there is no use to waste your time with it. For all the students from MISA YOGA School who read this article, we flatly stress out since the beginning that MISA still is a full rights member in the International YOGA Federation, that Gregorian Bivolaru is life member in World Yoga Council, and Mihai Stoian is a member of the World Yoga Council and representative of the Federation for the Scandinavian countries.

In that article from Gardianul there is a single reference of some Sri Yogacharya Ajita, who - either harmed by the public correspondence he has lately had with Mihai Stoian or due to his close friendship with Mario Sorin Vasilescu - is bearing grudge against MISA Yoga School and has stated harsh position against. No

matter the reasons that enliven him, Mr. Ajita still is a single voice in the entire YOGA Federation that unites hundreds of schools from all over the world and millions of practitioners. Sri Yogacharya Ajita joined the International Federation of YOGA the same year as MISA, and he only recently received an honorary position similar to Gregorian Bivolaru's and Mihai Stoian's in 2005. From this position he does not have the slightest possibility to decide exclusion of any member of the Federation, to retreat the functions given by the Federation or to change the program of the events.
