Good news that you have decided to stay with it. I know its hard on you but you are doing a fantastic and very worthwhile job. Moreoever you shouldn't give the dark side the satisfaction of being able to put someone more pliable into your post.

thanks for the notes you left for me. I'll see that they get to the right address. I have also asked FF to have a word the next time they travel together

See you soon

Catherine

let you know that I have decided to stay on the job and have informed Michael about that. I felt there was no other choice.

Yesterday the Romanian Government and President Iliescu have taken good decisions on child protection, so it looks that we are winning.

I left two sets of documents in an envelope at your secretariat. For you to see what is appropriate for you know whom.

THanks again for the support!!

Have a nice weekend, let's hope the sun gets back.
