Addy's Hope Adoption and Child Relief Ministry is pleased to announce the development of its' Sudan, Africa international adoption program. John Petree has traveled to Sudan to begin preparations for the program. Addy's Hope Adoption and Child Relief Ministry has partnered with Ardent Soul Orphanage (formerly Rock the Desert Orphanage) to aid orphan causes in the country of Sudan. Due to the current political unrest in Sudan, we have determined that it is not feasible to process adoptions. We will continue to monitor the situation. Please email John or HollyAnn if you wish to be informed once the program is in place (please see Contact Us page).
