Dear Enlargement (ELARG),

Under the right of access to documents in the EU treaties, as developed in Regulation 1049/2001, I am requesting documents which contain the following information:

The below extract of the minutes of the October 2007 meeting of Euradopt contain a call for action towards the European Commission.

" - Jennifer Degeling from the Permanent Bureau in the Hague and representatives of four Central Authorities had a meeting with the NAC delegates. All parties agreed that we need a concerted effort to try and influence the ideas within the European Union, where it has been argued that inter-country adoption is not a child protection measure and is a last resort. I regard our discussion as a step forward in the EU issue.

.../...

European Union

The Italian commissioner for Freedom, Security and Justice, Mr Frattini, has issued a tender for a study about adoption legislation in Europe. The time limit was Sept 21. When a tenderer is known, EurAdopt will contact him/her/them and offer our co-operation. The purpose of the study is i.a. to identify possible solutions to difficulties which prevent European citizens from exercising parental responsibility, and to study the possibility of setting up a Euroean adoption procedure between members states. Thankyou AiBi [Sic: Amici dei Bambini] for informing the Executive Board!

It is of continued importance that the EurAdopt members contact their respective commissioner and members of European Parliament about the informal and negative attitude to intercountry adoption which has been expressed within EU. If you need renewed material or more arguments, you can email me."

I would like to have access to any letters received from members of Euradopt by the respective Commissioners and/or Commissioner Olli Rehn, Franco Frattini, Jacques Barrot and President Barroso. Including responses given, related internal notes and phone logs.

Your application is currently being handled.

As you know, part of the request will be handled by the departments in the Secretariat General of the Commission. However, DG JUSTICE has been charged to deal with almost all the requested correspondence.

You are asking for documents which were falling into the competence of 12 different Commissioners in the former Commission mandate. All documents of former Cabinets are currently in the historical archive.

Researches and retrieval of documents in the historical archives require more time and many of them will furthermore require consultation with third parties. In this context, we will not be in the position to complete the handling of your application within the assigned time limit, which is 19 June 2014.

We have therefore to extend the time limit with 15 working days in accordance with Article 7(3) of Regulation (EC) No 1049/2001 regarding public access to documents.

The new time limit expires on 10/7/2014. Our department will do all the necessary to provide you with a final reply within the new deadline, but we may come back to you should the consultation process take more time than foreseen.

We apologize for this delay and for any inconvenience this may cause.

Best regards,

The activity of European Commission departments is likely to be reduced during August. We will handle your requests for access to documents as soon as possible. However, some delays may occur, especially where the processing of data requires the consultation of national administrations, external organisations or other services.

L'activité des services de la Commission européenne étant réduite durant le mois d'août, vos demandes d'accès aux documents seront traitées dans les meilleurs délais. Toutefois, certains retards peuvent se produire, en particulier lorsque le traitement des données exige la consultation des administrations nationales, d'organisations extérieures ou d'autres services.

Your application is currently being handled.

As you know, part of the request will be handled by the departments in the Secretariat General of the Commission. However, DG JUSTICE has been charged to deal with almost all the requested correspondence.

You are asking for documents which were falling into the competence of 12 different Commissioners in the former Commission mandate. All documents of former Cabinets are currently in the historical archive.

Researches and retrieval of documents in the historical archives require more time and many of them will furthermore require consultation with third parties. In this context, we will not be in the position to complete the handling of your application within the assigned time limit, which is  
19 June 2014.

We have therefore to extend the time limit with 15 working days in accordance with Article 7(3) of Regulation (EC) No 1049/2001 regarding public access to documents.

The new time limit expires on 10/7/2014. Our department will do all the necessary to provide you with a final reply within the new deadline, but we may come back to you should the consultation process take more time than foreseen.

We apologize for this delay and for any inconvenience this may cause.

Best regards,

JUST ACCESS TO DOCUMENTS TEAM

Dear Mr Dohle,

By registered mail of 25/11/2014, we have sent to you the third batch of documents covered by your request.

Concerning your request to have all the replies and documents for which access has been granted published on the ask-the-EU platform, we would like to inform you that sometimes, due to technical reasons, the platform does not allow for the upload of the documents.

(Please see copy of the "non-deliverable" message we received when we tried to upload the second series of document in September. We decided on that occasion to send them to your personal e-mail as we could grant full access and there was no transmission via registered mail).

We are trying now to upload again all the documents to which we have provided access (full or partial) in August and September 2014, without prejudice to the rules concerning the deadlines for a confirmative request, which starts from the day you acknowledge receipt of the registered mail, whenever this is necessary to ensure legal certainty of the date of the Commission reply.

Yours sincerely,
